Loblolly Ridge Therapeutics

Effective date	2026-09-18
Purpose	Index of documents in the LRT-2240 partnering data room by folder, access tier and status.
Coverage	See each dataset dictionary and summary. Missing numeric values are excluded, not zero.
Summary interpretation	Descriptive statistics of selected records only. Totals of percentages and adjustment values are not operating KPIs.
Introduction	Index of the documents in the LRT-2240 partnering data room, as of September 18, 2026. Maintained by Business Development with Legal; functional owners supply and update the documents.
About the data room	The data room opened on June 3, 2026 for companies that had signed a confidentiality agreement. Management meetings with two companies have been held since August 6. Documents were loaded from May 27; the last addition before this extract was on September 8.
What it holds	97 documents with 2,353 pages: 69 at CDA tier 1, 24 at CDA tier 2 (clean team) and 4 non-confidential. 95 are current, one is superseded and one is pending upload.
Access tiers	Non-confidential – available to any company in discussion, before a confidentiality agreement: company overview, organization summary, the non-confidential LRT-2240 presentation and the corporate partnering presentation.
Access tiers	CDA tier 1 – available once a confidentiality agreement is signed: the IP, nonclinical, clinical and regulatory folders.
Access tiers	CDA tier 2 (clean team) – available only to a named clean team: the CMC folder and the agreement summaries.
Folders	1 Corporate, 2 IP, 3 Nonclinical, 4 Clinical, 5 CMC, 6 Regulatory, 7 Agreements (summaries). Study 2240-201 is complete and its clinical study report, finalized in June 2026, is in folder 4. The draft Phase 2b design (a synopsis and two appendices, also in folder 4) is confidential and is shared only under a confidentiality agreement.
Source function	Each document names the function that owns it: Clinical Development & Medical, Nonclinical Safety, Legal & IP, CMC & Clinical Supply, Regulatory Affairs or Business Development. Owners approve every new version before upload.
Not in this index	Document contents and access logs by counterparty.
