

Facility Monthly Activity,
July 2024–August 2026
Tallowbrook Health

Effective date	2026-09-05
Purpose	Provide monthly admissions, patient days, ED visits, surgical cases, births, imaging and outpatient visits by facility.
Coverage	See each dataset dictionary and summary. Missing numeric values are excluded, not zero.
Summary interpretation	Descriptive statistics of selected records only. Totals of percentages and adjustment values are not operating KPIs.
Introduction	Monthly activity for all six Tallowbrook facilities from July 2024 through August 2026 (FY2025, FY2026 and the first two months of FY2027). Prepared by Decision Support. Extracted September 5, 2026.
Contents	One row per facility per month (6 facilities x 26 months). Fiscal years run July 1 to June 30.
Coverage and definitions	Inpatient admissions exclude observation stays; patient days are inpatient days at midnight census.
Coverage and definitions	Surgical cases count hospital inpatient and outpatient cases and, for the Surgery Center Grand Parkway, cases reported in the ASC practice-management system.
Coverage and definitions	Imaging exams are counted at completion. Outpatient visits cover clinic, infusion, therapy and lab draw visits and exclude ED visits and imaging exams.
Coverage and definitions	Facilities without a service report zero for that measure (for example, births outside Medical Center West).
Known differences from other reports	Patient days here are lower than census-days in the unit census extract, which includes observation patients in inpatient beds. The difference has run about 6% to 9% each month in 2026.
Known differences from other reports	July 2024 outpatient volumes at the Pavilion, Stafford and Mission Bend were reduced by storm-related closures.
Known differences from other reports	Staffed bed counts used for occupancy are 192 at Medical Center West and 96 at Hospital Fort Bend.
