Access Report, June–August
2026

Tallowbrook Health

Effective date	2026-09-03
Purpose	Provide weekly slots offered, booked and completed and third-next-available by schedule at the Pavilion and Stafford.
Coverage	See each dataset dictionary and summary. Missing numeric values are excluded, not zero.
Summary interpretation	Descriptive statistics of selected records only. Totals of percentages and adjustment values are not operating KPIs.
Introduction	Weekly access measures for 11 outpatient schedules at Tallowbrook Outpatient Pavilion West and Imaging & Therapy Stafford, weeks beginning June 1 through August 24, 2026. Prepared by Patient Access & Central Scheduling from the EHR enterprise scheduling module. Extracted September 3, 2026.
Contents	One row per schedule per week (11 schedules x 13 weeks).
Coverage	All imaging, infusion and therapy schedules booked by central scheduling at the two sites. Hospital outpatient imaging at Medical Center West and Hospital Fort Bend, Mission Bend and the Surgery Center Grand Parkway are not included.
Definitions and cautions	Slots offered are template slots for the week after holidays and planned downtime; the week of June 29 had a reduced template for the July 4 holiday.
Definitions and cautions	Not completed = booked minus completed, covering no-shows and cancellations inside 24 hours.
Definitions and cautions	Third-next-available (days) is a snapshot taken Monday at 7 a.m.; do not sum or average it across schedules as a volume.
Definitions and cautions	Therapy schedules count visits, not units of service.
